Greetings to our members and friends. With so many of our schedules being in limbo regarding our travel and education this year, GSIA is postponing the annual conference until next year. Since so many of us are in need of training and credits we are going to proceed with a 'Virtual or Tele- Meeting' this year on September 13 – 15<sup>th</sup>.

We plan on the usual updates from the ICC and DCA as well as anything that is of concern to those in the field. Our agenda is being discussed and finalized at this time, but we would like to include items that you see as needed or pressing.

Please take a moment and send us your thoughts on how you would like your classes to be run.

Thanks,

Lonnie

*Executive Director GSIA*
